

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD

CENTRAL VALLEY REGION

TENTATIVE ORDER R5-2020-XXXX

RESCINDING WASTE DISCHARGE REQUIREMENTS ORDER R5-2002-0035

The California Regional Water Quality Control Board, Central Valley Region (Central Valley Water Board), finds that the Central Valley Water Board adopted the following Order which is no longer applicable for the reasons shown:

- a) Waste Discharge Requirements Order R5-2002-0035, adopted on 1 March 2002, prescribes requirements for discharges from the Tuscan Ridge Golf Course wastewater treatment and disposal system, Butte County (Facility). The Facility was comprised of a wastewater collection system, septic tank, above ground storage tanks and subsurface disposal area. The system was damaged during the 2018 Camp Fire and will not be rebuilt. The site has undergone post Camp Fire redevelopment and the infrastructure from the previous system has been removed and discharges from the Clubhouse has been connected to a new wastewater treatment and disposal system which is currently regulated under the State Water Resources Control Board Order 2014-0153-DWQ. Therefore, it is appropriate to rescind Waste Discharge Requirements Order R5-2002-0035.

IT IS HEREBY ORDERED that the above Waste Discharge Requirements Order R5-2002-0035 is rescinded.

I, Patrick Pulupa, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Valley Region on <DD MONTH> 2020.
